Form 50-265

SECTION 5: Market Value of Heavy Equipment Inventory

Provide the market value of your net heavy equipment inventory for the current tax year, as computed under Tax Code Section 23.1241. Market value on Jan. 1 is total annual sales (less fleet transactions, dealer sales, and subsequent sales) for the previous 12-month period corresponding to the prior tax year divided by 12. If you were not in business on Jan. 1 of the preceding year, report the number of months you were in business and the total number of sales for those months.

Total annual sales includes the sales price for each sale of heavy equipment inventory in a 12-month period PLUS lease and rental payment(s) received for each lease or rental in that 12-month period. This will be the same amount as the net heavy equipment inventory transaction amount (reported above) and divide by 12 to yield your market value for this tax year. If you were not in business on Jan. 1 of the preceding year, the chief appraiser will estimate your inventory's market value.

	ry Equipment Inventory Sales, Leases als for Prior Year	÷ 12 =	Market Value for Current Tax	x Year
