

## **Disabled Veterans May Qualify to Have Some of Their Property Taxes Waived**

Veterans with a service-connected disability are encouraged to file an exemption form to have their current year property taxes lowered. Some veterans may even qualify for a 100 percent exemption of their taxes under the law.

The law provides **partial exemptions** for any property owned by veterans who are disabled, spouses and survivors of deceased disabled veterans and spouses and survivors of military personnel who died on active duty. The amount of exemption is determined according to percentage of service-connected disability — from a \$5,000 to a \$12,000 deduction from the veteran's property value. This includes homesteads donated to disabled veterans by charitable organizations at no cost or not more than 50 percent of the good faith estimate of the homestead's market value.

Any eligible person who has not received this exemption should apply before May 1 of the current tax year. An applicant may claim the exemption on only one piece of property, such as a home or any other property the applicant owned on Jan. 1 of the current tax year. The applicant must also be a Texas resident to qualify.

A disabled veteran who receives 100 percent disability compensation due to a service-connected disability and a rating of 100 percent disabled or of individual unemployability from the United States Department of Veterans Affairs or its successor is entitled to an exemption from taxation of the appraised value of the veteran's residence homestead. Beginning this year, this benefit has been extended to the surviving spouse upon the veteran's death with certain restrictions. The residence homestead application must be filed if this exemption is claimed.
